Re: QTIC & TRAC Consulting - Business Mentoring Program

Dear Mark and Jeanette,

Thankyou for allowing me to be a Mentor in the above programme.

In my capacity as Small Business Manager for SUNCORP I have been very impressed with the content of the modules presented at each session and the professional presentations provided by you both.

I have been in the finance industry now for over 34 years and your programme is what has been lacking in regional centres for many years. Over the course of the presentations I could see the positive outcomes generated for those attending and the confidence that was building in each course participant.

The programme has left a very positive ethos with those who attended and especially those from the Johnstone Shire who have suffered the devastation of Cyclone Larry. It was a real "shot in the arm" at a time of turmoil.

The venues for each session were appropriate and your ability to involve the whole group in discussion was a testament to your professional manner.

It would be good if you were able to run similar sessions in this area on a regular basis to build on the progress you have achieved with our local participants. I have only had positive feedback from your efforts.

Thanks Again,

Regards...

Matthew Dyason
